

Let's make it happen!

Core Associates can help you to get your world-class event 'up and running' smoothly through our range of expert events services from overlay planning, statutory approvals and venue development, through to supplier coordination and peer reviews. Together, we can make it happen.

Our team has extensive experience with successful events across the UK. These range from major international multi sports events, such as the Commonwealth Games, European Championships and UEFA 2020 right through to smaller scale, short-term local events like the Christmas Markets in central Glasgow and Glasgow's largest ever ice rink The Ice Experience Elfin Grove.

This varied experience and depth of knowledge across the Core Associates team allows us to offer a service to suit your needs depending on specific project requirements.

Our clients benefit from the long-term relationships we've built with event organisers, venues, suppliers and local authorities over the years. We understand that every situation is unique and, through aligned thinking, we strive to provide a bespoke service that is flexible for each event.

Adding Value

Working in the public and private sectors, Core Associates adds value to both the design process and the final event by aligning with our clients as early as possible.

We make sure we understand your real needs and constraints before we lift a pen, move a mouse or even draw a line. It is this understanding that enables us to develop holistic, affordable and deliverable strategies.

Services tailored to your needs

We understand that every event is unique and we strive to provide a bespoke service that is flexible for each and every client and event. Here is a brief list of some of the resources we offer:

- Event Planning
- Planning Permission
- Building Warrant (including Section 89 applications)
- CDM Advisory and Principal Designer Services
- Green Guide Compliance / Stadia Safety
- Supplier Co-ordination
- Broadcast Integration
- Equality Act Compliance
- Temporary Structures
- Services Co-ordination
- Full 'Turn-Key' Operation for Commodities

When you work with Core Associates, it's always about your people, our people and the way we think together. This aligned thinking is at the core of our event services from statutory approvals through to overlay planning.
